Anchorage, Alaska

Company Overview

JP&E LLC (JP&E Restoration) is an Alaska Native-owned, SAM.gov-registered general contractor based in Anchorage, Alaska. The company provides restoration and interior construction services for residential, commercial, and government clients — from water, fire, and mold damage recovery to remodeling and tenant improvements — with a focus on quality workmanship, clear communication, and results that last.

Core Competencies

- Water damage restoration
- Fire damage restoration
- Mold remediation
- Residential remodeling (kitchens, baths, interior upgrades)
- Commercial tenant improvements & build-outs
- Steel stud & wood framing, drywall & finishing
- Flooring (LVP, carpet, tile), texturing, painting & insulation

Differentiators

- Alaska Native-owned small business with statewide reach, including remote sites
- Single trusted partner for both restoration and construction/remodel work
- Residential and commercial experience under one team
- Clear process from first assessment to final walkthrough
